

Manners at lunchtime

1.

on

2.

We put our tray on the table
and sit down.

We take small bites of our food and
chew slowly.

If we need help opening something,
we raise our hand and wait for a
teacher to help us.

We only eat our own food.

Eating someone else's food is not
healthy.

When we are done eating our own food, we throw our trash away.

Then we sit politely and keep our hands to ourselves. We wait for our friends to finish eating.

Using good manners at lunchtime
makes everyone happy.
