

How We Use Our Hands

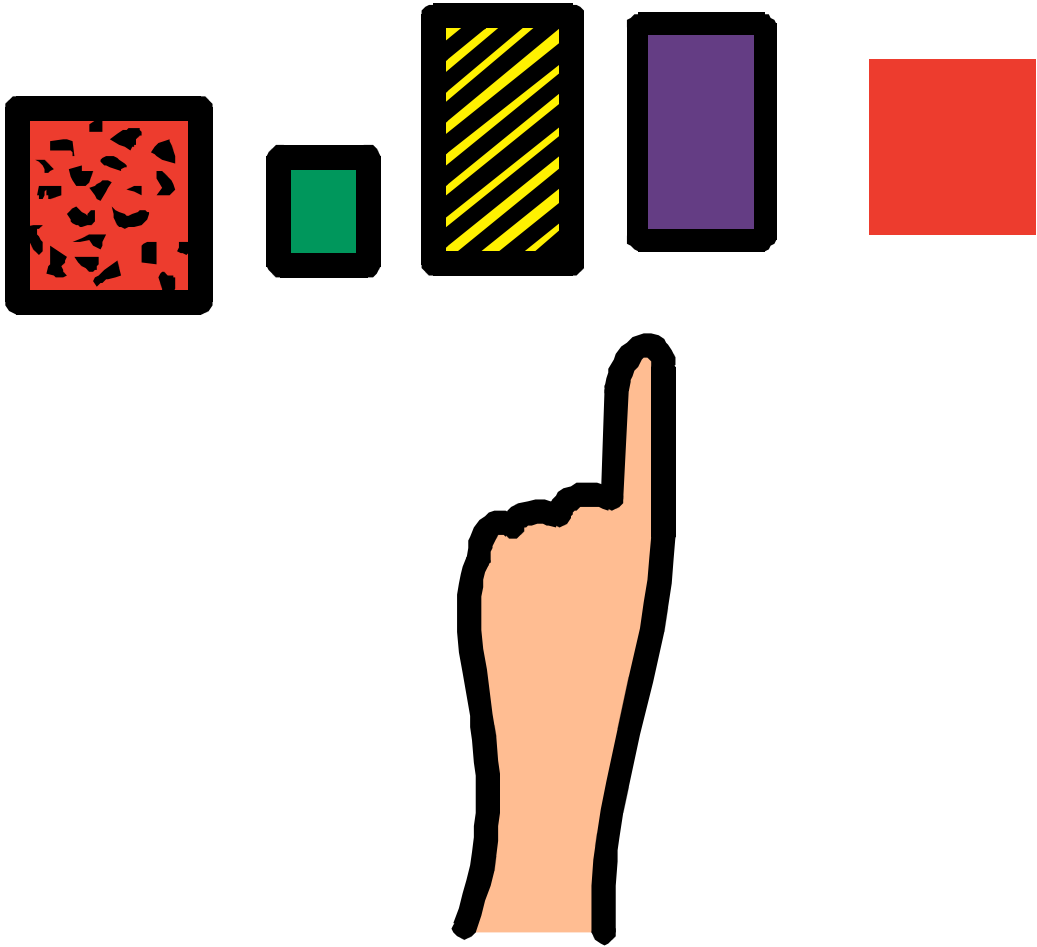

There are many things that we can do with our hands and fingers. We can hold hands with someone that we like.

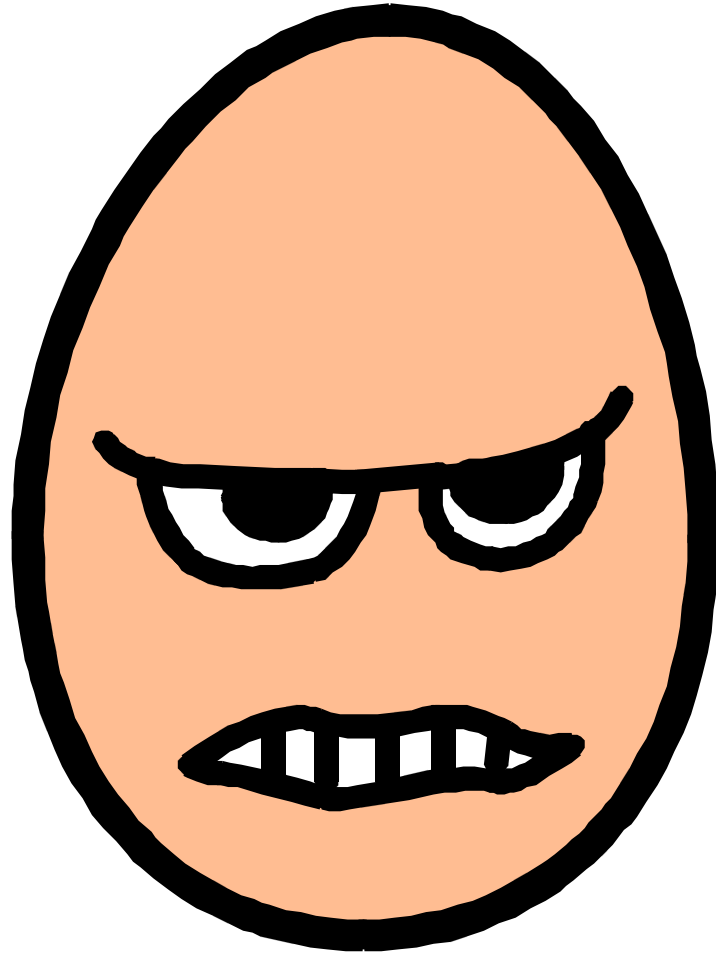

We can wash our hands.

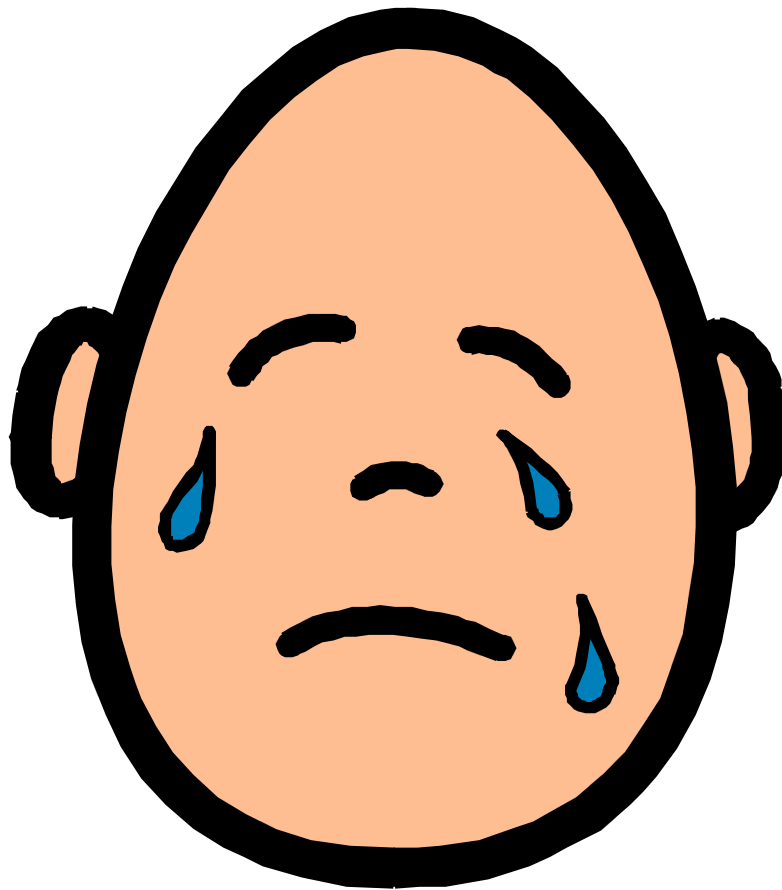

We can wave hello with our hand.

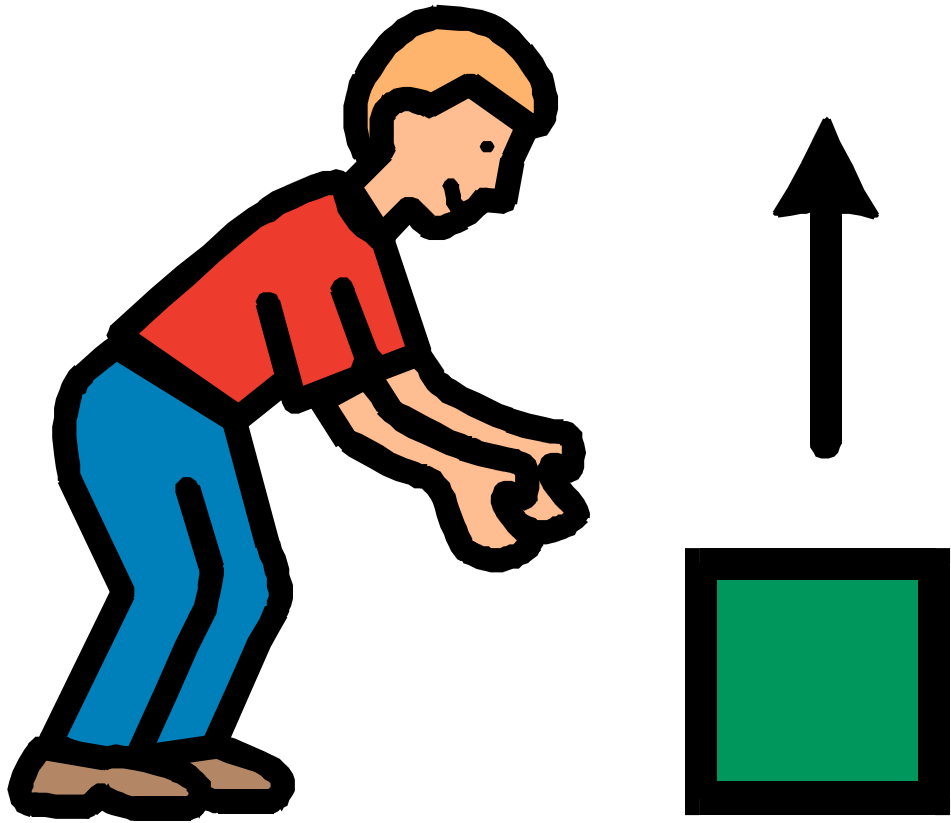

We can point with our finger. We can use our finger to show someone what we want. The best finger to do this with is our pointer finger.

It is very mean if we hold up our middle finger to someone. This is the same as saying a bad word.

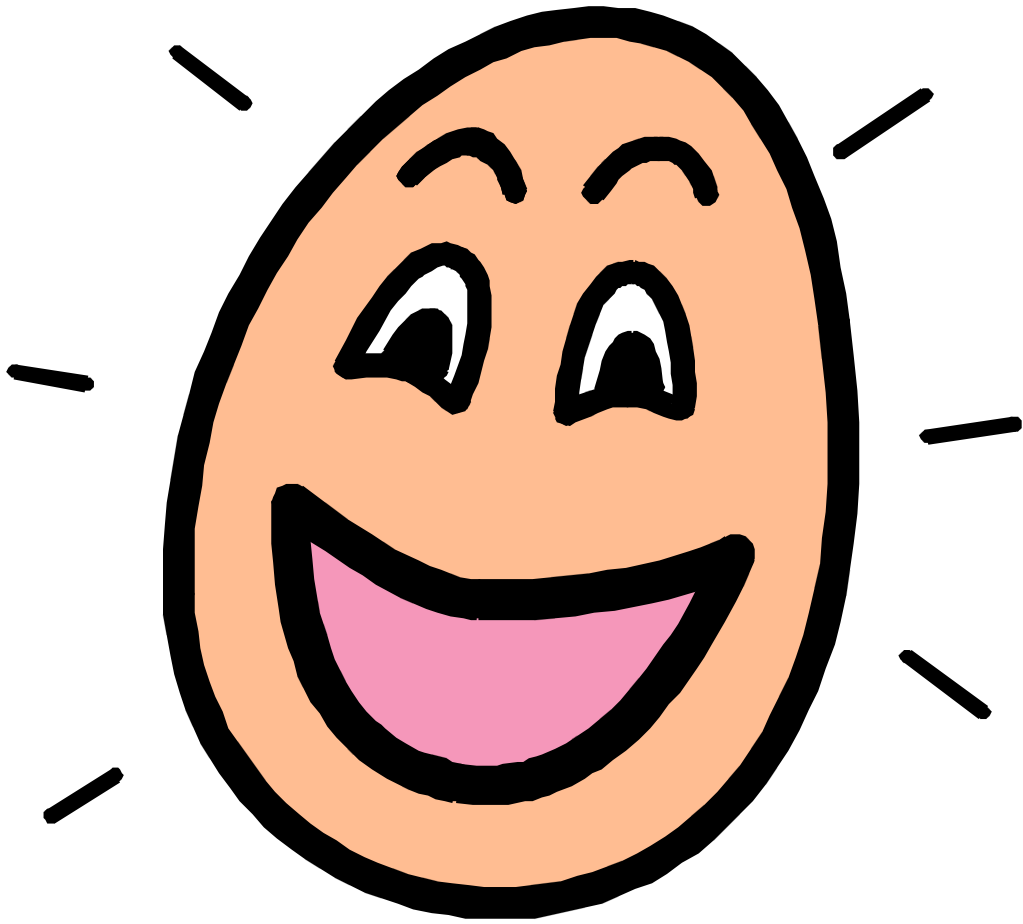

It might make someone cry if we do this. We need to show our friends and teachers respect. If we show this finger it is showing someone that we do not care about them.

So let's just use our hands and fingers like our parents and teachers want us to.

This will make everyone very happy.
