

**It is important to use nice words when  
talking to others**

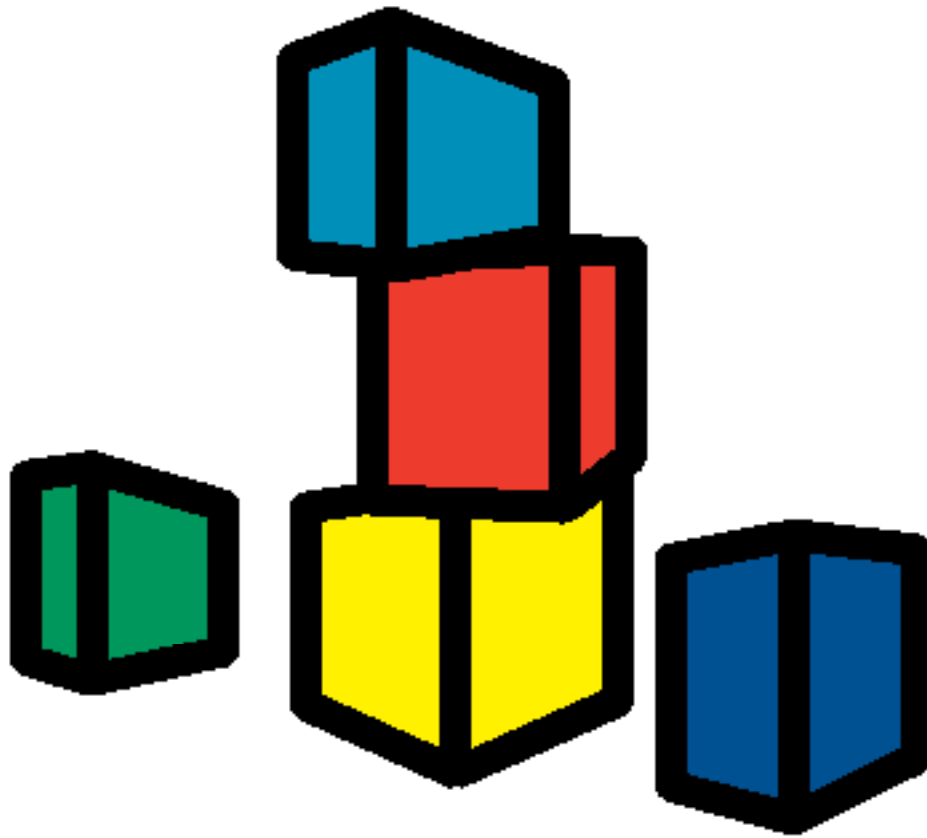

It is important to use nice words when I talk to my friends, my teachers and my family.

sad

When I use potty words it makes people sad.

If I am playing or building with my friends and something falls down... I can say things like:

“oh no”

“watch out”

“It’s falling down”

These are not potty words.

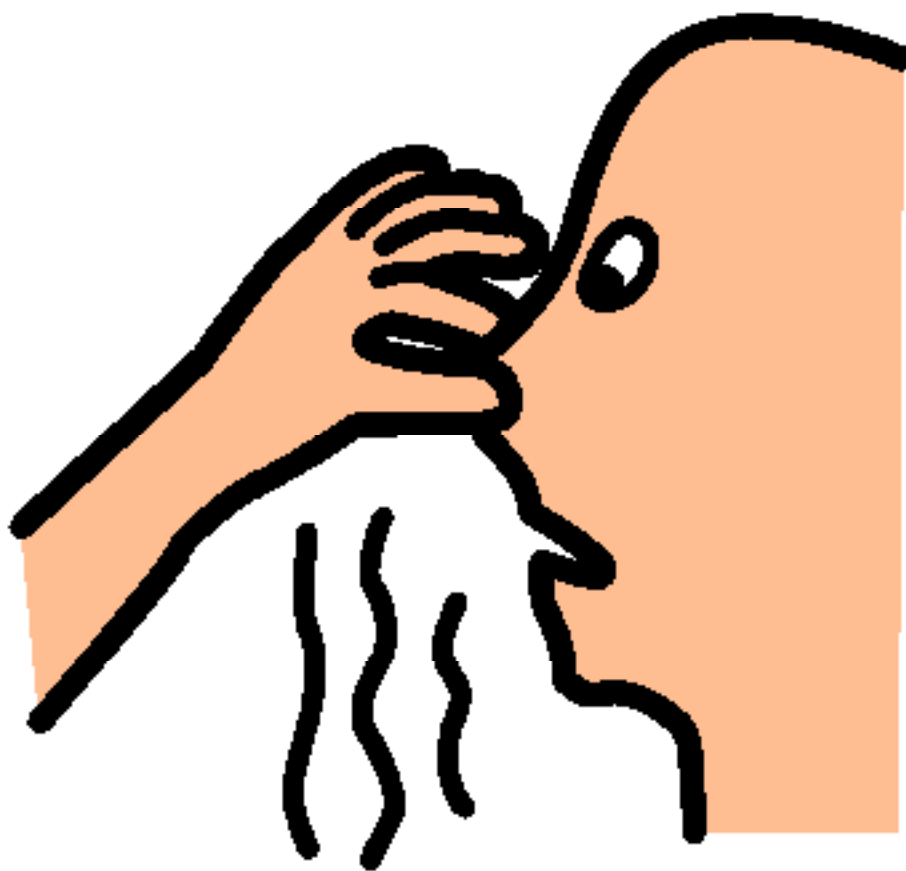

If things are not going my way and I am upset I can say things like...

“ahhh man”

“ shoot”

“darn it”

These are not potty words.

If something smells I can say things like:

“It smells funny”

“It smells yucky”

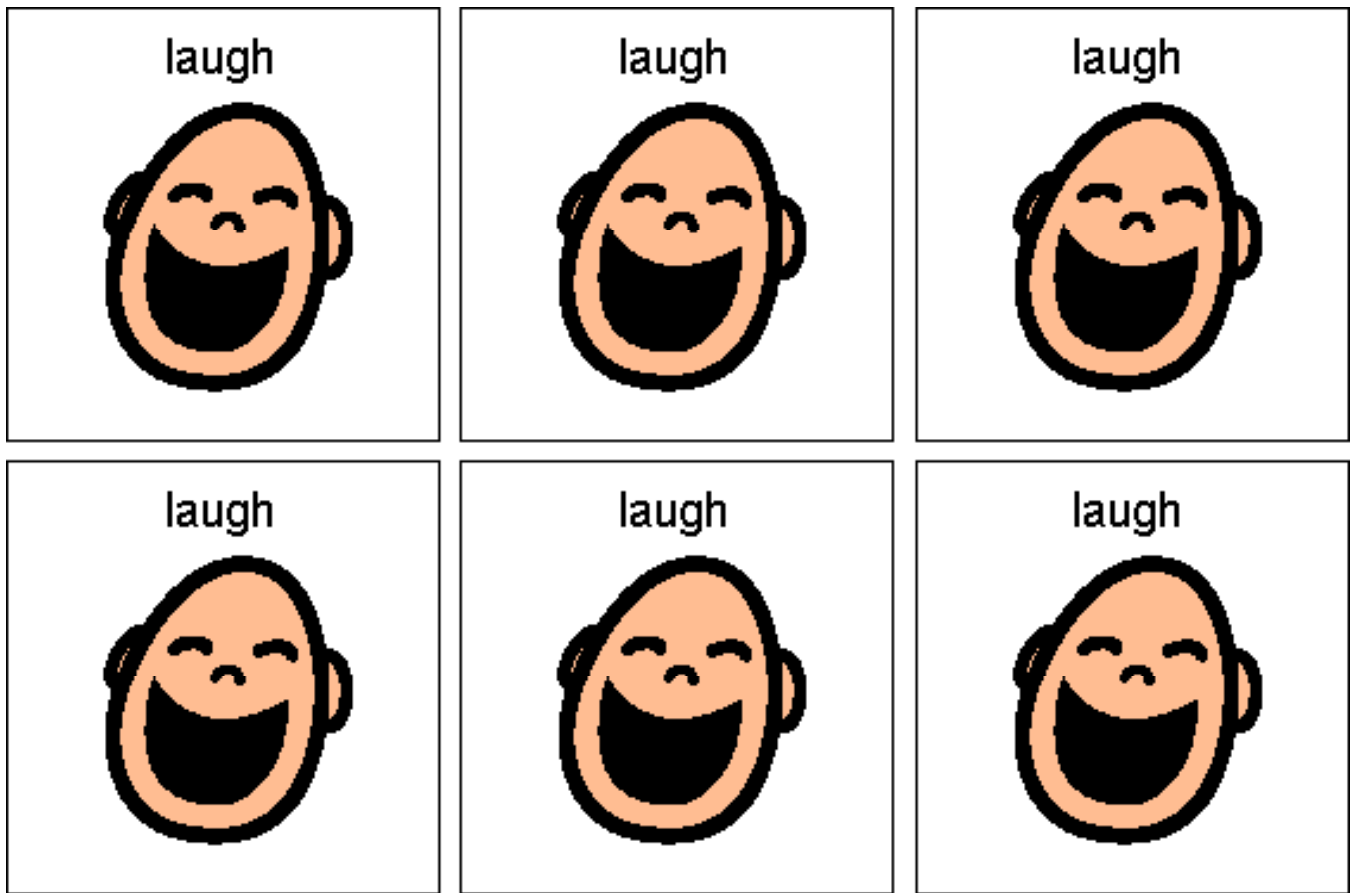

“pee-u”

These are not potty words.

Sometimes my friends laugh when I use potty words because they think it's funny. I need to remember It's not funny and it's not nice to use potty words.

There are other ways I can make my friends, my teachers and my family laugh..,

- I can tell a joke
- I can make a silly face
- I can draw a silly picture

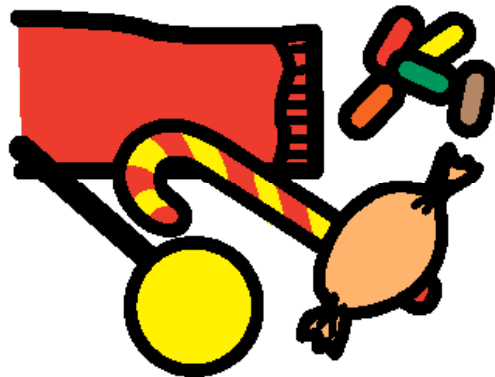

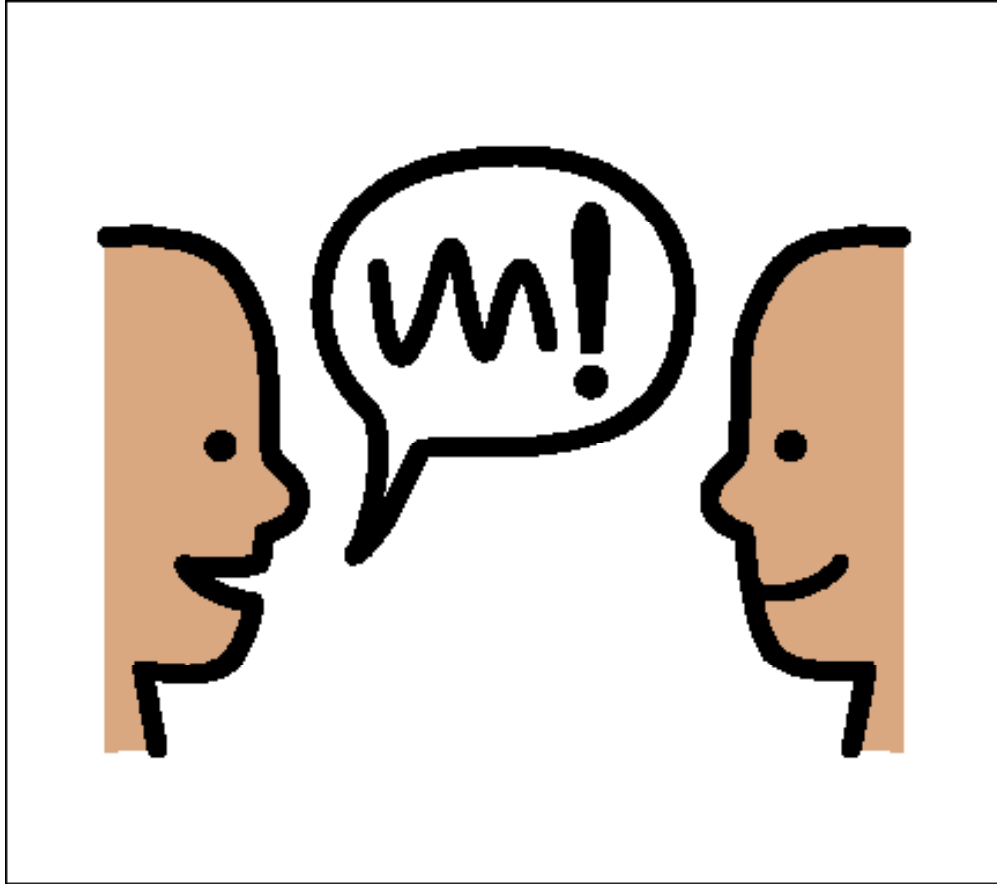

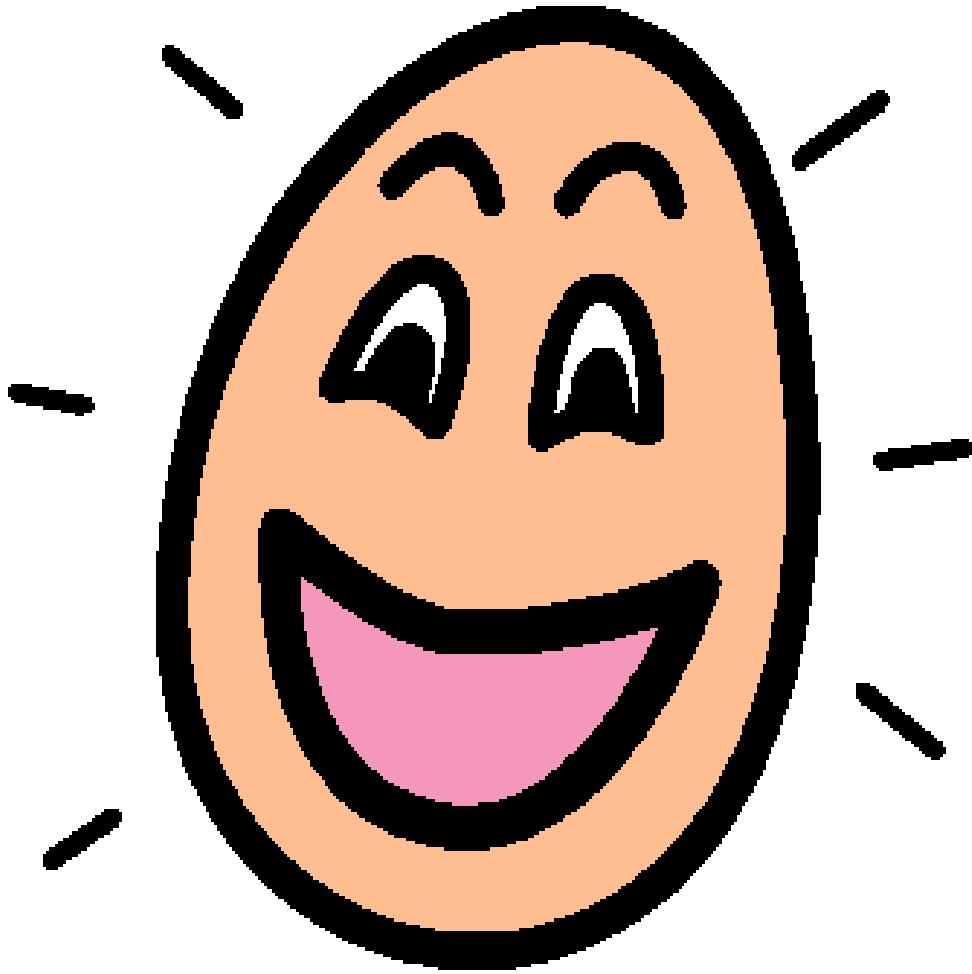

When I sing songs I need to remember not to sing songs about potty words. There are a lot of songs I can sing that don't have potty words.

Sometimes it can be hard, but I need to remember to use nice words when talking with my friends, my teachers and my family.

If I use nice words with my friends, teachers and family... I may get a special treat.

When I use nice words it makes everyone happy.
