Instructions: Cut out "Listen Strategies" Strips (5 on page). Glue on colored card stock or construction paper and allow at least an inch to 1 1/2 in. space on left side of card stock. Draw lines out from each picture out to left side. (See example of finished strip above) Laminate. Check off the skill(s) you are working on with students during sessions, such as asking for repeats, note-taking, and reauditorizing to provide students visual reminders of skills they are practicing.
